

## Treasury Department,

Bureau of the Mint,

Washington, D. C., December 2, 1895.

RECEIVED  
DEC 3 1895

Herman Kretz, Esq.,

Superintendent U.S. Mint,

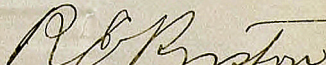

Philadelphia, Pa.

Sir:

Your letter of the 30th ultimo, enclosing letter of the Melter and Refiner, recommending that the contract of the Moro Phillips Co., for furnishing nitric acid 40°B., be annulled has been received, and in reply, I would say that as it appears from the letter of the Melter and Refiner that the acid has not been up to the usual standard, you are authorized to annul the same, but before its annulment, I think notice should be given the Moro Phillips Co., of this intention. In this connection, I would inquire whether they give a bond for the faithful fulfillment of their contract? If so, they should be made to pay the difference between the cost of the acid at the contract price, and the rate that is paid Harrison & Co.

The letter of Messrs. Harrison offering to furnish nitric acid 40°B., at 3-90/100¢ per pound is herewith returned, also letter of the Melter and Refiner.

Respectfully yours,

  
Director of the Mint.
